

EHSAN HUSSAIN

Sukkur, Sindh | (+92) 330 379 8507 | ehsanhussain.bsclf22@iba-suk.edu.pk | [LinkedIn](#) | [GitHub](#)

ABOUT ME

I am motivated Computer Science undergraduate specializing in Agentic AI, AI automation, Python backend development, and real-time systems. Experienced in integrating machine learning models with backend APIs using FastAPI, building realtime applications with WebSocket, and deploying AI solutions with Docker. Passionate about exploring AI workflows, LangChain, and automation pipelines. A proactive learner and team player eager to contribute to impactful AI automation projects.

PROJECTS

Agentic Social Manager- FYP (Agentic AI, Python, MERN, MongoDB, FASTAPI, JWT Token, API's, NLP, LLMs)

- Developed an AI-powered social media manager with automated caption/hashtag generation, multilingual support, and sentiment analysis.
- Designed features for scheduling, auto-replies, and analytical Dashboard to enhance engagement and efficiency

Sentiment and Emotion Analysis (Fine-Tuning, BERT, Data Preprocessing - DistilBERT - RoBERTa - XLM-RoB)

- Developed a sentiment and emotion analysis system for social media comments using modern NLP techniques.
- Leveraging transformer-based pretrained models, the system effectively classified text into sentiment and emotion categories

Product Demand Prediction (Python, scikit-learn, pandas, matplotlib, seaborn)

- Built a regression model to forecast product demand using historical sales data and feature engineering techniques.
- Evaluated model accuracy with MAE and RMSE, and visualized predictions through graphs and plots for insights.

EXPERIENCE

AI/ML Intern | Codveda Technologies | Remote | April 2025 - March 2025

- Developed and trained machine learning models using Python and popular ML libraries like scikit-learn and TensorFlow.
- Collaborated on real-world datasets, improving model performance through rigorous testing, tuning, and evaluation.

Summer Intern - ISPR | OnSite | July 2025 - August 2025

- Act of Artificial Intelligence in the Modern Era, International Relations, Media and Communication Workflow.
- Current Affairs, Public Relations, Narrative Building

EDUCATION

BS (Computer Science) | Sept 2022 - May 2026 | Sukkur IBA University | 3.44 CGPA

Intermediate (Pre-Medical) | 2021 | Govt. Islamia College Sukkur | A1-Grade

Matriculation (Science) | 2019 | ST. Marry's High School Sukkur | A-Grade

SKILLS

- **Programming Languages:** Python, C, C++, Java, NoSQL, SQL, JavaScript
- **Web Technologies:** FastAPI, WebSocket, React.js, Node.js, HTML/CSS
- **Databases:** MySQL, MongoDB, SQL Server
- **AI & ML:** Agentic AI, NLP, Transformer Models, YOLO, CNNs, Computer Vision, Fine Turning
- **Version Control & DevOps:** Git, GitHub Action(CI/CD) (Learning), Docker(Learning)
- **Deployment:** Dockerized backend APIs, API integrations

CERTIFICATES

- **Hackathon Participation** - Sukkur IBA University - (2025)
- **Prompt Engineering** - Google - (2025)
- **Introduction to LLM Models** - Goolge - (2025)
- **Machine Learning in Production** - DeepLearing.ai - (2025)
- **AI for Everyone** - DeepLearning - (2025)
- **Series of MongoDB Certification** - MongoDB - (2025)
- **WordPress Developer** - NFTP - (2023)
